NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at *www.archives.gov*.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from $8 to $10 a month for adult male field hands, well below the state's average wage of $15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received $25 per month and laborers in the farm belt areas earned $12 per month. In some Kentucky counties, freedmen

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.[1]

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.[2] Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6–18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.[3]

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.[4] This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861–1869.*

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.[5]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

M742, *Selected Series of Records Issued by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands*, 1865–1872

M1000, ***Records of the Superintendent of Education for the State of Tennessee, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1871***

M1875, ***Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861–1869***

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821–1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

APPENDIX

This list provides the names and dates of service of chief medical officers and known Freedmen's Bureau personnel at selected subordinate field offices in Kentucky. Additional information regarding persons assigned to various field offices might be found among the Bureau's Washington headquarters station books and rosters of military officers and civilians on duty in the states and other appointment-related records.

There are Three (3) portable desks in my Office which I understand are borne upon your papers. Can we not have them appraised as I would prefer to purchase them rather than the large desks, for the reason that I desire to send them in the country, & for the further reason that the large desks are so much more valuable in our Office. Please answer.

from 1st May 1865 to 12th March 1868.

I was suspended from duty & kept waiting orders. That left me in a very precarious situation. I have been sending money home and have now situated so that it will be impossible for me to get home. for this reason—lack of funds—

If I had applied & could not draw pay for the time I was awaiting orders. I should not have remained thus as I can get nothing to do here

It has been intimated to me that I have been discharged for some dishonorable action of mine. I would respectfully ask the reason why I was discharged

Dear Sir

I take the liberty of respectfully calling your attention to some inconveniences & difficulties that present themselves as to the Colored Soldiers discharges &c

I do not ask nor seek the office of Discharging agent or the superintendence of the Disbursement of the Colored Soldiers Bounties

Both from the vicinity it is inconvenient as well as Expensive for them men to obtain their Bounties as they have to go at their own Expence either to Lebanon or Louisville to be paid. and then they run the risk of being molested on the high way if it is ascertained they have money while returning.

If a check could be sent to them. here they could realize its value at par. without Expense or risk, I have no interest in this matter in any way. except to assist these Colored Soldiers in getting the benefit of their Claims.. I hope you will pardon me for troubling you — Some of these Soldiers are sick and are really unable to undergo a trip any where .. Physically as well as pecuniarily unable.

LEASE.

This Indenture, made this 26th day of June — 1868 between W. H. Stokes of the first part, and Col. B. P. Runkle for Gen Burbank of the second part, **Witnesseth,** that the party of the first part hereby leases to the parties of the second part, the following premises, to-wit:

The House and Lot Situated on the North Side of Chestnut Street between Third and Fourth Streets, for Military Head quarters, Ninth District, I

one Month with the privilege

for the space of Six Months

and covenant to keep the tenant in quiet possession of the premises during said term. It is hereby expressly agreed to and understood by the said parties, that the said property is to be used as herewith described, and not otherwise; viz:

In consideration whereof, the party of the second part bind Themselves to pay for the same Fifty dollars, at the end of each and every Month being at the rate of Six Hundred dollars per annum; to take good care of the premises, and return the same, at the expiration of said time, in as good order as received, ordinary wear and tear and natural decay excepted, unless the improvements should be destroyed by lightning or other natural cause, or fire not caused by Their default; and not to erect, or permit to be erected, on the premises any nuisance, or commit any waste. If destruction as aforesaid, total or partial, ensues, so as to make the premises untenantable for the purpose designed, the lessee may surrender and cancel this lease. The following additional stipulations are hereby declared to be a part of this lease.

1. The premises shall not be underlet, or the term, in whole or in part, assigned, transferred, or set over, by the act of the lessee, by process or operation of law, or in any other manner whatsoever, without the written consent of the lessor; and for a violation of this stipulation, in addition to the forfeiture provided in the ninth stipulation, the rent shall be doubled while the default continues.
2. The lessee shall not at any time use the premises, or permit them to be used, in such a manner as to increase the rate of insurance thereon.
3. In case of a violation of clause 2, on the part of the lessee, he agrees to pay to the lessor, as damages, the increased insurance; and in case the premises are so used that the lessor can not effect insurance thereon, the lessee agrees to become the insurer thereof.
4. The lessee covenants to comply with the city laws and ordinances in regard to nuisances, in so far as the premises are concerned, and that he will not by any act of his, or subtenants (if any), render the said lessor liable therefor; that no kitchen or wash slops, rubbish, or waste or refuse matter, shall be thrown into the privy pit; and if it is, beside other reparation, the lessee shall have the pit emptied and cleansed; and that he will make good or pay at the end of the lease, or on the vacation of said property, for all glass broken in the windows, doors, &c.; also put in proper repair all locks or keys to the same, if lost, or pay for the same, at fair valuation.
5. No demand of rent need at any time be made on the premises or elsewhere, but it shall be the duty of the lessee to pay the same, as moneys generally when due, without demand.
6. If the lease should at any time become void or forfeited, no demand shall be necessary to a recovery of the possession of the premises, and the lessor shall be entitled to receive or sue out a distress warrant for rent, whether the same became due before or after a forfeiture incurred; and such receipt of rent, or suing out a distress warrant, shall not be considered a confirmation or renewal of this lease.
7. Should the lessee continue to occupy the premises after the expiration of said term, or after a forfeiture incurred, whether with or against the consent of the lessor, such tenancy shall be in accordance with the terms of this lease, and in no event from year to year.
8. Should the lessor at any time rightfully seek to recover possession of the premises, and be obstructed or resisted therein, and any litigation thereon ensue, the lessee shall be bound to pay to the lessor a reasonable attorney's fee, and double rent shall be payable while the lessor is so kept out of possession.
9. This lease, at the option of the lessor, shall be void and forfeited in case of any violation of any stipulation herein contained. This stipulation is not to be considered or construed as a penalty, but shall be punctually enforced.

Dear Sir

From a letter placed in my hands by Gen W. Wood Esq. I infer that you have the receipts for bounty of Erasmus Whitlock, Co. F. 16th Col Infantry. As the said Whitlock is living in Cairo it would be perhaps better to forward the receipts to me for signature & report the fact to Gen Ballock at Washington. I will have them signed, & send with an explanation, for the draft.

I have the honor to acknowledge the receipt (by last mail) of Mr E F S Schenck's letter of the 11th with your endorsement - I thank you Mr Schenck is rather officious in this matter. I have had two letters from him on the subject of Erasmus Whitlock's claim without any apparent authority from Erasmus yet I answered them both - I inclose his and the Post masters letter to show what I did in order to forward his draft without delay - I do my duty and want no overseers - and Mr Schenck must have have known the draft was in the hands of the Post Master at Cairo for Erasmus

The draft was dated at Washington 19th June No 112 for $291- on the 23d June as you will see on Pll's Certificate I inclosed it to the Post Master at Cairo - with instructions to hand the same over to Erasmus and get him to sign the duplicate receipt forwarded at the same time and not hearing from the Pll or Erasmus in due time I wrote to the Pll to know the cause when I received the enclosed letter - I have received many letters from Erasmus on the subject of his claim and some from Mr Bland for him also one from Mr Schenck all of which I answered -

I pray your influence with Mr Bland in Pll's behalf to Mr Thompson (Post Master Louisville Ky) to have the draft forwarded without delay

NARA 276

And at the time of enclosing the draft to the P.M.
I also wrote and enclosed a Note to Mr Schenck and
Mr Ward. giving them the reason why I enclosed
enclosures to the P.M.- and had other Examiners or
Mr Schenck applied at the P.O. they could have got
the draft- and in answer to Mr Schenck's letter of the
2/nd July & 16th and I wrote him the draft was on the
hand of the P.M.-

I have much more trouble and Vexation
in this Case than my pay was worth-

I have Collected over $40,000 of bounty Claims
and paid all out but two Claims Not yet Called for
and have had No grumblings - except in this Case

Be pleased to return me all the enclosed
letters - with your opinion on the Case
with all due respect your friend &c

I received Your despatch of Oct. 23d
Saying. Col. Johnston told the truth in Saying
the Money to pay Sandford Brown and Elijah Jackson
was not in his hands, and Saying, it was a Clerical
error of your Office — And Stating, that the Money was
received by you on the 19th of October — and would
be forwarded to Col. Johnston to day (Oct. 23d) —
— after I received that despatch — I saw the
two Named Sandford Brown and Elijah Jackson
— and advised them to wait until the 27th October
to be certain it would reach Lexington — and also
to see George Thomas in the time, and all go up
on the 27th to Col Johnston — they waited as I
advised, and then went up on the 27th day of
October — (and they inform me, that Col Johnston
again said there was No Money for them) and
on that day Brown & Thomas say that Mr
Stewart one of the firm of B G Bruce & Co claim
agents who sent on their discharge, to Washington,
agreed, and paid them, each $155.00/100 for their Claims
— Thus paying $45.00/100 to get their Money — He Stating
their Money had not reached Lexington, but he would
advance that Much for their claims — this Col is
their Statement to Me — Elijah Jackson did not
sell on that day — But went up on the Saturday

following, and I have not seen him since I — I wrote to know if this payment to Brown and Thomas is proper and right — and if not, to ask you the proper remedy — I have a Number of other Colored Soldiers Claims to look up, that is I have their Claim agents receipts — But if this is to be, the result, and I am not entitled to information, to enable me to collect the whole amount due them — I think it is not right for me to proceed — Can you answer me Confidently with your duties — and am I entitled to an answer as atty. at law for them

I am very Respectfully yours

Respectfully returned.
New vouchers made out according to inclosed forms. I would respectfully request that hereafter when Asst Comr at Louisville desire to change the form for any month, that I may be notified earlier in order to save Asst Comr the trouble of returning their papers. By consulting my vouchers for April it will be seen that exactly the same form now returned was allowed. The voucher for travelling from Danville to Shelbyville is not of course $2.50 for horse + 40¢ for ferry. I hardly suppose that the Comr wishes me to absent myself for nearly a whole day + lose my breakfast & dinner. The charges I have incurred added $2.00 to the $1.50 charge for

$4.00 being the amount I understand allowed officers in this Bureau when their mess bills are continued when absent on disbursing & other duty. No man living can go to Salvisa, in the meantime visiting three + colored schools at Harrodsburg, + return the same day, + after dark. No Bureau officer is safe in this neighborhood. Moreover since they have taken to whipping & hanging white men also, any person understanding the feeling of the county can easily see that it could not be made for less. Besides Capt Reeves was waylaid in the road by 4 armed men who tried to immediately turn into drowning his horse, but failed, as to the Lancaster & Stanford journey I paid one man $5.00 for a certain service in connection with the matter, & had I not gone, proceed as with all the Bureau + just as I did, what I attempted would have been a failure.

Very Respectfully

that he intended to go to the Bureau about it. and on Tuesday after this he told me he had been to the Bureau and had made a complaint. I think he got but one hundred dollars as he said from the agent I think because my brother in law told me he had received but about amount and then he bought a horse and wagon for fifty four dollars which was a big price as the mare died soon after He had twenty dollars of the money to Mrs. Sheens as the latter told me. Also that he bought a coat at $4.20, which was all it was worth, a pair of boots at 4.00, his wife a dress at 2.25 a pair of hose for her at 75 cts; a dress for my wife at $2.00 and some notions but I dont know how much they cost. He brought home some money but how much I dont know and that all the articles he bought & all he brought home did not amount to over 100 dollars

L. P. Stark duly sworn says. I am a practicing Physician
in Louisville Ky & know Thomas Montgomery Colored & Col D B Morrill Claim Agent of said City.
I attended Montgomerys family as physician and
my bill against him was $20. He afterwards
gave me an order for the amount of $20
on W. D. B. Morrill. I saw D B Morrill after
this order was given. and Dr Brady gave him
said order and he either had said order or
knew about it when Morrill paid Montgomery.
I saw Morrill after he paid the money to Mont-
gomery and he spoke to me in regard to it.
He said he had forgotten the order of $20
& he then made a proposition to pay me $10, and
told him I would see Dr Brady & talk
with him about it. But in the meantime Morrill
saw Dr Brady made the same proposition to
him which was accepted & Morrill paid
us ten Dollars & received the $20 Co.'s order.
Morrill said he would endeavor to get
the money from Montgomery when he paid him
the rest of the money due him from the Government.
The ten Dollars which Morrill paid us for the
debt of $20 Co.'s owed by Montgomery was in full
of said debt. and he was to have the order against
Montgomery. I understood it to be a sale of the
debt to Morrill for ten Dollars.
I have known Montgomery for about 15 years
and have seen him frequently & practiced in

Dr Starkey wrote professionally for James of one Thomas Montgomery (colored) and the amount charged for said visit was $20 (cy) ... This was in 66 I afterwards ascertained that Montgomery had a claim in Morrill hands for bonds, and Morrill gave him an order for $20 on Morrill to be paid when his money came. He gave us this order in the Spring of 67. I saw Morrill frequently about this order. He said he would collect the money due us. I afterwards proposed to Morrill to give him the order for $15 which he declined to do declined to do. I then proposed to take him here it for $10. He declined to do this at first. Afterwards I saw him about 1st April 1868 when he said he would give me $10. He said he had received the money for the colored man & owned pay the debt owed to us if I would take $10 for it. & I told him I would take it. Before this I saw Montgomery and he did not give me any satisfaction ~~but told me he had not got the money from Morrill~~ It was in March when I saw the Negro. Montgomery ~~Colored Man~~ asked me if Morrill had paid me anything. I told

I dont recollect anything being said between the door

were about to start off. that "they" would go and be sworn.
I am certain I heard no conversation but this.
There may have been a conversation if carried on in a low
tone. I dont know after I looked after they got to the
door. I do not think this money could have been paid
back to Montgomery in the store without my seeing it. I made a
statement to Capt Burnett about this matter
told Capt Burnett substantially what I have here
said. The first question Capt B asked me was when
it occured. I showed him where in the store. He asked
me if I saw him (Montgomery) pay Montgomery, I says
I ~~did not~~ told him I saw him pay him some money.
I told him I saw him pay $100. He asked me
if I would recognize Thomas Montgomery. I told
him I did not think I should. This was the
substance of what I told him. He asked me what kind of bills he
paid I told him one $100 & the other amount in
smaller bills..

When Capt Burnett left the store, a few hours
afterwards Col Morrill came in & asked what Capt
Burnett wanted. I told him what he wanted.
He (Col Morrill) called my attention to the fact as
to what bills was paid: and then I recollected what
the bills were. Col Morrill introduced me to Burnett but
did not know what he wanted of me.

NARA 497

I remember that this was done on Saturday
Feby 22nd about, because two days afterwards the
Officer in empire called & spoke to me about it
I recollect as a fact that this mans name
was Montgomery. I dont recollect what his first
name. Col Morrill when he came in with
Montgomery said he wanted my signature. He
read an affidavit & receipt and I was looking
at the papers the time he was reading them.
He then asked Montgomery if it was all right
and then asked him if this was his mark &
he said yes it is. ~~The black man~~ I do not
remember whether the X mark by Montgomery was made
in the store or not. But he acknowledged that
was his mark to both receipts & affidavits.
He (Morrill) then counted him (Montgomery) out the
bills. He counted him out $190 00. I am not
certain what denomination the $90 was. There
was one bill of $100 & the others were small
bills. I saw all of the money paid. I saw him (Morrill)
give the money to Montgomery and then Morrill told him to go
down town when he pleased; I cannot recollect where
the money was paid about 20 feet from door. at which
they went out
from. I saw them go to door.
I cannot tell who was in front when they went out
of door. They were close together or not more
than 4 or 5 feet apart. I cannot tell whether
they walked side by side or whether one was head of
the other. I did not see any money passed between

Claim no. I told Claim Dept Does Dr Clark. he did not go to see Claim. My impression of Montgomery from that he was of bad character.

I have talked with Bryrill about the negro & he told me he thought he was of bad character. When Morrill paid me the $10 on the claim we had against Montgomery he said that he had paid Montgomery the whole amount of his bounty ($150) but that as it was his fault in forgetting the order of $10 he would pay this $10 for said order.

Montgomery had told me before this that Morrill had paid him $100 & that was $100 still due him. My impression was that Morrill considered it a bad debt & a dead loss to him

When he came in, he remarked to the colored man, "that he could get clothing cheaper here, than any place he knew of in the city. Col Morrill then left, and I sold the man clothing to the amount of about Thirty five Dollars. The colored man was clothed as Black men ordinarily are, I did not hear his name.

I can say whether I could recognize this man or not if I could see him. I sold him @ coat, pants vest, two shirts and @ hat, I think I sold him @ pair of drawers & one or two under shirts — Sold him Sold him @ few little things also. I sold this man no ladies clothes this day. I sold him @ pair of boots. This was all as near as I can remember.

The first time I had this brought to my attention was to day - by Col Morrill. He asked me this morning

if I recollected him any ago it was. I told him it was about 3 months ago. This ~~is the first time I ever spoke to any body~~ I told Col Morrill the next day or so that I was obliged to him for bringing me this customer as I made a sale to him of $25 or $30. and gain Col Morrill $3 for bringing him to me. I have no date of this sale. I cannot tell how I remember it was three months ago when he was in my store. Col Morrill has been in my store a dozen times since that time & has brought other customers to me. Six or seven months ago he brought a customer to me. ~~I cannot think of this one and no other that~~ Morrill brought to me.

Mr Morrill has brought 2 or 3 or 4 men to trade at my store. Oftentimes I have heard Morrill say when standing in front of my store to colored men that any place was a good place to trade that I sold goods reasonable. I have heard him say this five or six times or more to colored men. They would be standing around the door. This was the only time I ever heard him say any thing for bringing men to my store. I never had any understanding with Col Morrill that I should pay him any thing for bringing Customers to my store. He brought a man to me 6 or 8 months ago. A Middle aged man.

me if I knew anything about Col Morrell paying Thomas

exactly who he meant? Capt Burnett asked me where
I was when Col Morrell paid money to Montgomery
It was about 11 o clock a m when Col Morrell came

come & witness him paying Colored man some money
I was very busy & was then in my store and Col Morrell
seeming to be in a hurry I requested some of my

Col Morrell. Col Morrell laid paper down on my

After I was led Morrell pay the $100 bill I stepped behind the scales so that he could have paid him more money and I not have seen him. I was near a minute behind the scales. Before this the Col always kept me count out the money & the many or I saw it counted. I supposed he was going to pay him more than the $100 bill.

I only saw this one hundred dol. Bill and when paid he drew it out of his left hand as I thought for a number of bills he had in his hand. I cannot swear that there was any bills left in his hand after the $100 bill was pulled out and paid on to the negro. I believe he paid him one many because there was this in his hand so while I was weighing the land and while I was not looking at him I cannot swear positively many things after the $100. bill was paid - I saw him pull the bill out of his left hand with his right hand from the position he stood in - I can so with the Col. his left hand - I can recollect the position of Col. his hands and the position in which the parties stood on the day in question - ~~I recollect things after~~ ~~this about the~~ ~~I recollect this from my~~ ~~memory in regard to the matter~~ -

I have the honor to state that in my letter of June 11th 1868 I reported Henry Gray late private Co "A" 12th U.S.C.T. as being deceased, which was a mistake. A woman representing herself as being his widow came to my office saying that her husband Henry Gray was killed in the army. This morning I learned that her husbands name was Henry Graves a member of the same regt with Gray.

I have not thus far been able to learn the present whereabouts of Henry Gray. but will report it as soon as I can do so.
